I see you standin'
In the morning light
Everything looks perfect
At least at first sight
What's wrong with this picture
It's quiet hard to tell
Don't you feel it longin'
Underneath your porcelin shell

Just wait, take a break
A little doubt about this way
Now close your eyes
I've got somethin to say

Chorus:
Oh I guess you still don't know
How I feel about you now
You should know better
Oh I ain't no Romeo
But I know without a doubt
That all you need is
Love - just love - real love - just love

I see you runnin'
Down an endless street
Seems what you're searchin'
Is not what you need
I guess you're hidin' somethin'
But don't get me wrong
Alle It seems like you don't notice
What the hell is goin' on

Now wait, take a break
A little doubt about this way
Just close your eyes
I've got somethin to say, so don't hide away

Chorus

Not far away you just got to trust in what I say
Don't free your mind tomorrow, you're better off today

We're getting close if you believe in what I tell
I just want the best for you and okay, as well for myself

Chorus
