She was lost
She was down
So full of love
But I was not around
No one there
When she cried
I couldn't heal the sadness in her eyes

I was wrong
I didn't know
She was gonna change my life
Forever

As the silence broke the ice
The moment survived
All the barricades are fadin' away
The world reflectin' in her eyes
Somewhere deep inside of me
She relived my heart

All the things
That I tried
To keep her heart from freezin' every night
All the tears
On her face
And something deep inside
I couldn't erase

I was wrong
I didn't know
She already changed my life
Forever

As the silence broke the ice
The moment survived
All the barricades are fadin' away
The world reflectin' in her eyes
Somewhere deep inside of me
She relived my heart
Forever

Oh, she was everything I ever need
my home
my love
my destiny
I couldn't take the sorrow from her heart

I'm so sorry
You can't hear me
Too late to make it up to you

As the silence broke the ice
The moment survived
All the barricades are fadin' away
The world reflectin' in her eyes
Somewhere deep inside of me
She relived my heart

Whou, as the silence broke the ice
The moment survived
All the barricades are fadin' away
And everytime I close my eyes
I feel her comin' back again
To relive my heart
Forever
