Unknown girl
In your unknown world
So many different places I didn't mean a thing to me
Empty situations but nothing I regret
They can call me dreamer they can call me everything
But I'm just a believer and you are worth believin' in
I don't want just someone to forget my loneliness
It's just the two of us someday
I wanna keep it all for you
Unknown girl
Doesn't matter what I do
I can feel you everywhere
On my way into
Your unknown world
I will promise to walk on my own
Unknown girl
Sometimes I can hear her voice protect me from
seduction
It's like a hand that carries me through all my lonely
nights
I'm fightin' sexuality I won't give up control
And I promised myself to be true to you in my body and
my soul
I don't want just someone to forget my loneliness
It's just the two of us someday
I wanna keep it all for you
Unknown girl
Doesn't matter what I do
I can feel you everywhere
On my way into
Your unknown world
I will promise to walk on my own
Unknown girl
Unknown girl
In your unknown world (unknown girl)
Unknown girl
In your unknown world (I keep it, I keep it)
Unknown girl
In your unknown world (keep it up for you)
Unknown girl
In your unknown world (unknown girl)
I carry on and follow my way

We'll feel it as a sign from above
I wanna keep it all for you
Unknown girl
Doesn't matter what I do
I can feel you everywhere
On my way into
Your unknown world
I will promise to walk on my own
Unknown girl
Unknown girl
Doesn't matter what I do
I can feel you everywhere
On my way into
Your unknown world
I will promise to walk on my own
Unknown girl
Unknown girl
In your unknown world (unknown girl)
Unknown girl
In your unknown world (I keep it, I keep it)
Unknown girl
In your unknown world (I know girl)
Unknown girl
