I know something about love  
You've gotta want it bad...  
If that man's got into your blood  
Go out and get him.  
If you want him to be, the very part of you.  
That makes you want to breathe.  
Here's the thing to do

Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now

I know something about love, you gotta show it  
And make him see that moon above  
Reach out and get it  
If you want him to be, always by your side  
And if you want him to, only think of you

Tell him that you're never gonna leave him.  
Tell him that you're always gonna love him.  
Tell him, tell him, tell him, tell him right now

Ever since the world began, it's been that way for man  
And woman were created  
To make love their destiny  
Then why should true love be so, complicated? Oh yeah

I know something about love  
You gotta take it and  
Show him what the world is made of  
One kiss will prove it  
If you want him to be  
Always by your side  
Take his hand tonight  
Swallow your foolish pride and

Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now  
Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now
