I should've took you dancin'  
A little candle light romancin', with roses  
But I was high upon a bar stool  
I was such a blind fool, now I know it  
You won't believe how much I've changed since you left  
It took loosin' you, for me to find myself

Oh, I wish that you could see me  
Steady hands without the whiskey, you'd be so proud  
Got that job down at the factory  
A brand new suit for Sunday, I'm in church now  
It's been one year since I sat behind a bar  
I went by the junk-yard, they've still got our car

I still see you on your knees  
Beggin' me not to drive  
But I took away the keys  
And made you climb inside  
An' I'd take your place in this field of stone  
If I only had the power  
Look what it took  
For me to finally bring you flowers

Oh, I'd take your place in this field of stone  
If I only had the power  
Look what it took  
For me to finally bring you flowers  
Just look what it took  
For me to finally bring you flowers
