You've been taking me for granted
You've been breaking one big rule
If you wanna be my lover
You have got some things to prove

Get out of my face
Can't you hear me when I'm saying no?
Just gimme some space
Take you're dirty hands and let me go
Get out of my face
I don't care if you are straight or gay
Just gimme some space
Don't you listen to a word I say?

I keep my pants on
Don't be a fool
Boy, try to last
I keep my pants on
You're working too hard
You're moving too fast

I keep my pants on
You think you're cool
You've got no class
I keep my pants on
You're working too hard
You're moving too fast

If you wanna with me boy
You have got to take a chance
I hope you will find some deep joy
Cause I won't do more than dance

Get out of my face
Can't you hear me when I'm saying no?
Just gimme some space
Take you're dirty hands and let me go
Get out of my face
I don't care if you are straight or gay
Just gimme some space
Don't you listen to a word I say?

I keep my pants on
Don't be a fool
Boy, try to last
I keep my pants on
You're working too hard
You're moving too fast

I keep my pants on
You think you're cool
You've got no class
I keep my pants on
You're working too hard
You're moving too fast

I keep my pants on
I keep my pants on
You're working too hard
You're moving too fast

Don't be a fool
Boy, try to last
You're working too hard
You're moving too fast
You think you're cool
You've got no class

I keep my pants on
Don't be a fool
Boy, try to last
I keep my pants on
You're working too hard
You're moving too fast

I keep my pants on
You think you're cool
You've got no class
I keep my pants on
You're working too hard
You're moving too fast

You're working too hard
You're moving too fast
