You're on the go
Every time we fall in love
And I'm thinking to myself that maybe
It's time for me to just let go
Cause I've been watching the way
The way you look at me when I say
I love you and you're just making it clear that I'm just
waiting here
For a love that will never last

And all these heart felt problems
Honestly I'm done trying to solve them
I'd rather spend my days with my friends
Waiting for the weekend to come so I can start to
forget about you

I've been here to many times before
And you'd think I'd get the hint by now
You're long gone and I might be wrong
Seems like you got it out for me in the worst way

Will someone tell me where we went wrong
Nvm save your breath cause I'm moving on
Yea I said it I'm so far gone
I'm not gonna waste another second of my time
Writing you a song no not another line
Cause the last one that you drew said that we were
through
Baby I'll be fine trust me

Cause all these heart felt problems
Honestly I'm done trying to solve them
I'd rather spend my days with my friends
Waiting for the weekend to come so I can start to
forget about you

I've been here to many times before
And you'd think I'd get the hint by now
You're long gone and I might be wrong
Seems like you got it out for me in the worst way

I've been here to many times before

And you'd think I'd get the hint by now
You're long gone and I might be wrong
But that's exactly why I'm here in the first place

Nvm save your breath cause I'm moving on
Nvm save your breath cause I'm moving on
Nvm save your breath cause I'm moving on
