

Bingo! **"Friends"**

Visit "[Friends](#)" on MotoLyrics.com

To all of my friends who mind me now more than ever
Whether you're a pal or a gal I'll be your friend till the
end and forever
Whether you're a friend or a foe or somebody that I've
yet to know
I want to say I'm sorry for everything I couldn't be

And I've been searching high and low
For a place that I call home
And there's still no where to go

I will not dwell on things that held me back of all of
these years
I put myself before everyone else that I loved and I'm
going to make it up to you

I've been wasting all my days thinking about tomorrow
And not spending enough time trying to fix my
problems
So tell me where do I go from here, tell me where do I
run,
Tell me where do I lay my head for some closure

And I've been searching high and low
For a place that I call home
But there's still no where to go

I will not dwell on things that held me back all these
years
I put myself before everyone else that I love and I'm
going to make it up to you

And I've been searching high and low
For a place that I call home
But there's still nowhere to go
And I've searched coast to coast
And the only thing that seems to ease my soul
Is when I look up
Cause when I look up it feels like home
