This morning again I told to a friend
Things I'm sure He's already heard.
But each though I share when I kneel in prayer
He listens to hear every word.
So I wouldn't think about starting the day
Without asking Jesus to show me the way
Unchained and unfettered. I feel so much better
When I start each day with the Lord.

Chorus

I start each day with the Lord
Why should I face life alone anymore?
Today if I'm tested and tried,
I've got the Lord at my side.
I talk to Him at the start of each day
For He knows each trouble that's coming my way.
With Jesus I'm ready what ever's in store.
I start each day with the Lord.

Ol' Daniel prayed three times a day
He knew the power in prayer.
He prayed until when in the old lion's den
He knew that God was right there.
Now we get caught up in the worry and fuss.
But God hasn't changed how He listens to us.
So since He's redeemed me, it's worth it believe me.
I start each day with the Lord.

Chorus

I talk to Him at the start of each day.
For He knows each trouble that's coming my way
With Jesus I'm ready what ever's in store.
I start each day with the Lord.
With Jesus I'm ready what ever's in store.
I start each day with the Lord.
