I can't see a day past tomorrow,  
It's not clear at all,  
In these times these days of uncertainty,  
I can't see through it all.

I can't see it,  
I can't see it,  
I can't see it,  
I can't see it at all,  
Can't see it at all.

I know it's hard living this way,  
Not knowing what else to do,  
I don't know of any solution,  
I don't know what to do.

I can't see it,

I can't see it,  
I can't see it,  
I can't see it at all,  
Can't see it at all, yeah!

Can't see it at all,  
Can't see it at all.

I know it's sad living this way,  
Feeling so cynical,  
I can never find a better way,  
Living my life in a hole.

I can't see it,  
I can't see it,  
I can't see it,  
I can't see it at all,  
Can't see it at all, yeah!
