"So High"

It's always a great pleasure to be,
So high, so high,
No longer at the bottom or the middle,
So high, so high.

For days and days I wonder,
Through the sun the light and the thunder.

So high, so high,
So high, so high.

So high, so high,
So high, so high.

I can't believe my luck that I got here,
So high, so high,
But now I need some help to get off here,
So high, so high.

For days and days I wonder,
Through the fire the heat and the hunger.

So high, so high,
So high, so high.

Help get me off I seem to be stuck,
So high, so high,
It's difficult and I need to come down please,
So high, so high.

For days and days I wonder,
Through the cold the chill I am under,
For days and days I wonder,
Through the cold the chill I am under.

So high, so high,
So high, so high.
