I wanted to put myself in your position to figure you out  
So I took a chainsaw to my skull and extracted my brain  
out  
Something I found out in this exercise is you are alone  
I wanted to think like you thought to answer some of  
the whys  
So I took a blindfold of denial and bolted it to my eyes  
And what I saw was something I'd not known before  
that you are alone

See those pretty eyes  
Can be pretty green  
And see that pretty mouth  
Can be pretty mean  
This boy is, this boy is  
Outrageous

I tiptoed around you like a ballerina because I was  
na've  
But you made me murderous, viciousness showed  
itself in me  
Yeah it drew out a venom I'd not known about because  
he was alone

He took it out on me and I took it readily  
While surviving this attack I soon learned how to battle  
back

See those pretty eyes  
Can be pretty green  
And see that pretty mouth  
Can be pretty mean  
This boy is, this boy is  
Outrageous

And I can't say that I know myself anymore  
And I won't say that I can be repaired  
But I know I've learn from the trails that I was made to  
endure  
And now he won't cross me I'm angry and he's the one  
that needs to be  
Scared

See these pretty eyes  
Can be pretty green  
And see this pretty mouth  
Can be pretty mean  
This girl is, this girl is  
Outrageous
