Oh, my girl can I chose you tonight?  
Make that noise to turn us free from desire  
IÂ´ll be drunk, To make love.  
Until the end nobody can stay dry  
A new level, donÂ´t lose your breath girl  
A sign to donÂ´t sleep in the night

LetÂ´s star in the night

A new level, donÂ´t lose your breath, girl  
A new level, donÂ´t lose your breath, girl

DonÂ´t make it fast, I want to lose all my mind

DonÂ´t give a rest, let the party all life  
Dance my love.  
The time is running  
Until the end nobody can stay dry  
A new level, donÂ´t take your breath of  
A sign to donÂ´t sleep in the night

LetÂ´s star in the night

A new level, donÂ´t lose your breath girl  
A new level, donÂ´t lose your breath girl
