Time was running fast  
(Hmmm)  
While we were walking so slow  
(Hmmm)  
As I watched us grow and grow  
(Hmmm)  
We carried our love in cups to go  
(Grew so tall our heads hit ceilings)  
Trouble seemed so small  
(Outgrew all the doors and walls)  
We never needed any plans  
(For ends to meet again)

Started as lovers don't know where it's gonna end

Some friends had to disappear  
But left a hole for us to grow there in their light  
Time keep on passing us by  
(Into giants you can't stop us)  
From living out our lives  
(As we turned into a crowd of smiles)  
Jumping over all the bad times  
(It's easy when I'm holding your hand)

Started as lovers don't know where it's gonna end
