You better beware and you better take care
When we hit the town tonight -
Kick away the blues
No time to lose honey
We can make it right
Pretty little thing
How your heart will sing
Fill it up with pure delight
In a supercharge from the gas garage
Explode like dynamite

We are the midnight dynamo's
Only come alive when the old moon shows
We are the midnight
We are the midnight
Midnight dynamo's
We are the midnight
Midnight dynamo's

We are the midnight dynamo's
So baby get a load of the fancy clothes
We are the midnight dynamo's.
We are the midnight
Midnight...

Hurry on down pretty mama we're bound now
And we're really set to go
You've never been alive cut the fancy jive
Don't you ever tell me no
Come-a-come-away hear to the hot band play
How they always steal the show
Gonna wear you out make you jump and shout
You won't have time to blow.

We are the midnight dynamo's
...

Any place we cruisin'
People know us one by one
Ready packed for action fun
For all and all for fun

We are the midnight dynamo's
