ump it up take it up bring it up  
When I ring ring ding a ding dong  
You can call me up and tell me  
That you want to hear my song  
When I swing let it ring  
Cause I wanna do my thing  
And make sure the people jump up  
And down a sing  
Jump jump jumping all around  
You're moving to the rhythm  
And you're moving to the sound  
I know when I sing that you  
Just wanna ring my bell

(Original Sample) "Ring my bell"

Ringadong ringading a ding dong  
Ding dong ding dong

(Original Sample) "Ring my bell"

Chase the pace I arrange when I'm standing  
The one's coming right at demanding  
Microphone check one volume louder  
I time baby and I'm coming on prouder  
High and low the way I go  
I never stop I don't flow  
No correction just perfection  
You never seen a brother rock'n'roll like me  
Tony T double e you see  
Ding dong ding dong  
Call me if you like to  
Another ding another dong I won't bite you  
All night long I'm feeling alright to  
Dance dance have a little romance  
All you need is my number in your pants  
And when I get home the first thing  
I do is call

(Original Sample) "Ring my bell"
