Hey pull ya guns out, niggas pull ya guns out  
That's the way you battle you will have to shoot the  
tounge out  
Cause I do is talk loud man and run my mouth  
I walk around with the sound man and... doubt  
This for the over and the underground somewhere in  
the middle  
Like my mama had an older and a younger child  
Wow, You know I sign like the sun is out and you come  
around and get... on the crowd  
I'm having so much fun with this work hard tryin to  
take... come up with  
If rap was a marathon some... some...  
Was a... see with the catalogue you wanna...  
My track records stop... based on quality on  
productivity  
You deserve... All in my ear talk about... grinding  
I put the... stop you are lying  
I have seen not one... my car is clean and over yours  
I'm...  
Year after year I hit the people with the pepper and  
deliver it to your door  
Like my name... is happening  
Some of ya'll really gone hate me after this verse  
If you read the credits say the name in the...  
I guess I'm a jerk like Josh... 'cause I clear not the  
opinion for what it's worth

And this is the legendary kingdom... tigers, lions,  
lepras and the zebras  
We live a wild life so save the letters may... that the new  
is cool  
That you should be a...  
And this si when I speak up when niggas prejudice and  
say...  
... never let a nigga to pre nup and dedicate the...  
... and we are shadows in the distance just like some  
elephants  
They see us mathematics' missing like the number...  
cheaters  
My teacher...  
Come again I was thinking of some pickups

... water bubbling and... you know the... like a b boy  
... tell em police... I'ma... we're making rap money  
But it take it rap money back on it... runnin through the  
jungle...  
... my bill like a... and buckets the rock in London  
Plantation working ain't the purpose...  
Lot of women I want my dinner served... liek a puzzle  
And if I do... when a couple but never say your name for  
your name  
That's for your flow stay

... the legendary king... you favorite singers  
History for us you should know... season
