I see that mound of clay
Saw it everyday my love
But this time's different, dear
See the clay from up above

Let me find the way
Guide me through that shining light
Will I see you there
Way behind that thing called life

Refr:
Couldn't stay there, left all alone
Yearning for you, left in the dawn
Feel the rope tied around my neck
Lights go out, no turning back

I can see you now,
Waving, smiling, gliding slow
Hold me tight my love
Touching hands, touching souls

Will this last forever,
Will it last beyond all times
Come on run with me, the air's filled with tender
chimes

Refr:
Couldn't stay there, left all alone
Yearning for you, left in the dawn
Felt the rope tied around my neck
Lights went out, no turning back

Prayed so hard to be
Just forever by your side
Now I reached my goal
Falling with you through the light

Refr:
Walls are fallin', world is getting dark
Fallin' through the floor, a last shining spark
I am frightened, but with you by my side
We may fall forever, but fall with lovers' pride

Refr:

Couldn't stay there, left all alone
Yearning for you, left in the dawn
Felt the rope tied around my neck
Lights went out, no turning back
