Lets go
Lets go my love

We could go to the cinema
Big effects and big named stars
And we can go to that private view
But darling these days my favorite view is you
Lets just bend the invitation
And leave our bikes down at the station
Lose our sense of direction
There's nothing here to lose

Oh you will run
Come get lost with me
Slip away discreetly
You're my love
So come away with me
Lets get lost till empty

We could stay here till closing time
But the drinks are flat and the price is a crime
We could dance till our feet turn red
But the beats so boring
And I'd rather be home in our bed

This towns skipping like a record
Reruns get me so bored
So with enough that I can afford
Lets get lost
Again

Yeah we will run
Come get lost with me
Slip away discreetly
You're my love
Come get lost with me
Till we run on empty

Lets go
Lets go
You're my love come get lost with me
You're my love come till empty

Lets go
