So let the people talk
This Monday morning walk
Right past the fabulous mess we're in

It's gonna be a beautiful day
So do the bluebirds say
As I take your hand
And you take my kiss
And I take the world

'Cause out of all the people I've known
The places I've been
The songs that I have sung
The wonders I've seen

Now that the dreams
Are all coming true
Who is the one that
Leads me on through?

It's you who puts me
In the magic position, darling now
You've put me in the magic position
To live, to learn, to love in the major key

And I know how you've hurt
And been dragged through the dirt
But come on, get back up
It's the time to live

So give your love to me
I'm gonna keep it carefully
So deep in the treasure chest
Below my breast

'Cause out of all the people I've known
The places I've been
The songs that I have sung
The wonders I've seen

Now that the dreams
Are all coming true

Who is the one that
Leads me on through?

It's you who puts me
In the magic position, darling now
You've put me in the
Magic position, darling so

Let me put you in the
Magic position, darling 'cause
I'm singing in the, the major key

Let me put you in the major key
