Yes I could make home here in good time
But in good time is a gift
That long to be mine
That's fine

I'll seize the day
Make life as traveller work as messengers
With my pain
My pleasure
All will be

I will fear what tomorrow may take
Stay blind to my future and fate
Start my travelling now

Feel this get deep
First came that dream
To be seen
To know love
The world and all it's stages

Now 25 I've made it it alive
And what a life
I have known
I'm gonna stop
Never fully grown
Remember

I will fear what tomorrow may take
Stay blind to my future and fate
I wanna hear what the others may say
Let only love lead the way
Start my travelling now
Travelling
I'm travelling
I'm travelling

I see the redwoods
The deserts
My brothers
My sisters
The music

The moment

I can never regret the cursed and blessed open road

Open road

The open road

Open road

Open road

When all else fails

We remember

Always

Always

The open road
