I am the tragedy
And the heroine
I am lost And I am rescuing

The storm is come
And I am following

My name is Tristan
And I am alive

Forever young
I come from God knows where
'Cos now I'm here
Without a hope or care

I am trouble
And I am troubled too

My name is Tristan
And I am alive

Sorrow by name
And sorrow by nature
Working for joy
On overtime

Stuck on a line
Of misadventure
I fear no crime

I am the victim
And the murderer
You speak of love
But I've never heard of her

I am fucked
And I am fucking too

My name is Tristan
And I am alive
