VERSE:

Oh my god hoe your so ugly and fat  
Oh my god bitch I'm so fucking hot  
I see you staring at me from across the room  
Got my drink in my hand and I'm ready to move

CHORUS:

Hoe wanna talk shit?  
Gonna get hit  
Fuck around with me  
I'll show you how it is  
Why you staring at me like all the time?  
You wink and give me the look while we're in line

VERSE:

Everybody tries to get with us  
While we're at the bar filling our cups  
You think that I am just that easy?  
But look at you your so fucking sleazy!

CHORUS:

Hoe wanna talk shit?  
Gonna get hit  
Fuck around with me  
I'll show you how it is  
Why you staring at me like all the time?  
You wink and give me the look while we're in line

Grab your drink babe
