I should peel my skin off to see who there really is
To be a ghost or the Alice in the Wonderland
I'm caught like a sword in a stone

I want to sell my soul
So I could fly with a carpet and a butterfly
On to flowers big as whales

What comes of a mind without a peace
Exceedingly growling valour
Come reborn light

I have a fear and a golden key into the underworld
Phenomenal and worthy of reminiscence
A wall that guards the pleasure that you seek, yeah!

The prime of the unknown
Of pantheons I gloat
A night-time dream without a sleep
My pale white unicorn
We dwell behind these shores
The life I once had is no more!

What! I can see, I can taste is deserted air
All the dungeons are closed and forever sealed
Nobody knows where our needs have disappeared

I want to have what I just saw
I need to be where I belong
I can't be a drifter of these two!

What comes of mind without a peace
Could I keep my desire?
And the diamonds left to shine
I will defy!

The prime of the unknown
Of pantheons I gloat
A night-time dream without a sleep
My pale white unicorn
We dwell behind these shores
The life I once had is no more!

I'm bound into my fate
My wrath still leads the way
Yet I cannot give in my hope
This view is not a hoax
Somehow I can't expose
That I'm inside of the shrine of all!

I Won't leave without a fight!
I cannot stand the oncoming fall
None of this will you devour!
I won't stay in your forlorn
Don't you dare to question my belief!
I shall bloom when I decide
No, I won't feign in this pseudo colony!

The prime of the unknown
Of pantheons I gloat
A night-time dream without a sleep
My pale white unicorn
We dwell behind these shores
The life I once had is no more!

I'm bound into my fate
My wrath still leads the way
Yet I cannot give in my hope
This view is not a hoax
Somehow I can't expose
That I'm inside of the shrine of all, yeah!
