Well I've got a whole lot to say
Here's my chance, but I'm afraid
Oh boy, I guess that is my downfall
Who knew the word would get out?
Because I'm trying hard
To find a better way in a better way

Like a tragic hero,
Who realizes his flaw

I accept my fate
Can't run any longer
Get out the worst is yet to come
Let's force these gates undone
Fall from nobility
It's been a long way down
In the depths I somehow manage
To see the light of day

I always told you
This day would come along
It's hopeless, hopeless
And far more complicated
(Tonight)
I know I'm going to die,
I know I'm going to die tonight
It's hopeless, hopeless

I feel so numb
I can barely feel my face
Although my destiny is clear
It burns inside of me

Oh no, not again
And so it seems
I'm trapped in a game
I just can't win
Ending my story before it begins

Like a tragic hero,
Who realizes his flaw

I always told you
This day would come along
It's hopeless, hopeless
And far more complicated
And far more complicated
(Tonight)
I know I'm going to die,
I know I'm going to die tonight
It's hopeless, hopeless
(Hands down, give up
Your end is near
You've fallen from grace)

I am a self-indulgent being
Living within his own misconceptions

Surrounded by apathy
Indifference everywhere
I'll go
If you don't come with me
Then I'll go alone
Well I feel this deep inside
I'm how the story ends
I'll go
If you don't come with me
