Written by w.s. stevenson and carl belew

I can't forget you
I've got these memories of you
I can't forget you
I'll always be loving you

Once we were happy
We were so carefree and gay
Then something happened
And you went away

I can't forget you
Please tell me what must I do
My memories haunt me
Because I'll always love you

Where are you darlin'
Are you with someone new
I can't forget you
I'll always be loving you

I can't forget you
I've got these memories of you
I can't forget you
I'll always be loving you

I can't forget you
Please tell me what must I do
My memories haunt me
Because I'll always love you

Where are you darlin'
Are you with someone new
I can't forget you
I'll always be loving you
