Written by W.S. Stevenson and Carl Belew

I can't forget you
I've got these memories of you
I can't forget you
I'll always be loving you
Once we were happy
We were so carefree and gay
Then something happened
And you went away
I can't forget you
Please tell me what must I do
My memories haunt me
Because I'll always love you
Where are you darlin'
Are you with someone new
I can't forget you
I'll always be loving you
(I can't forget you)
(I've got these memories of you)
(I can't forget you)
(I'll always be loving you)
I can't forget you
Please tell me what must I do
My memories haunt me
Because I'll always love you
Where are you darlin'
Are you with someone new
I can't forget you
I'll always be loving you...
