Loretta Lynn

God bless America again  
You see all the troubles that she's in  
Wash her pretty face, dry her eyes  
And then God bless America again.

God, I sure to wish you'd bless America again  
You know like you did way back when it all began  
You blessed her then, but we just sorta kinda take it for  
granted  
And never did ask again.

So God just hold her hand that's all  
And if she should stumble please don't let her fall.

God bless America again  
You see all the troubles that she's in  
Wash her pretty face, dry her eyes  
And then God bless America again.

You know I don't understand to everythin' I'm readin'  
here  
About what's wrong with America  
And if you don't have a lotta good learnin'  
I guess there's a lotta things you don't understand  
But let me say this God she's like a mother to me  
And though all I am or ever hope to be I owe to you and  
to her  
Wash her pretty face, dry her eyes  
And then God bless America again...
