Turn the cards slowly while you're dealin', darlin'  
Please don't double-deal to win my heart  
Turn the cards slowly while you're dealin', darlin'  
Don't go breakin' rules right from the start

The ramblin', gamblin', reckless way you treat my  
heart's a sin  
Each night down on my knees I pray your gamblin'  
ways will end  
Turn the cards slowly while you're dealin', darlin'  
And if you stack the deck, then I'll move on

Turn the cards slowly while you're dealin', darlin'  
Please don't double-deal to win my heart  
Turn the cards slowly while you're dealin', darlin'  
Don't go breakin' rules right from the start

The ramblin', gamblin', reckless way you treat my  
heart's a sin  
Each night down on my knees I pray your gamblin'  
ways will end  
Turn the cards slowly while you're dealin', darlin'  
And if you stack the deck, then I'll move on  
Turn the cards slowly while you're dealin', darlin'  
And if you stack the deck, then I'll move on
