I got that range rover, and fucked your bitch in my new car

Fucked your bitch in my new car, I fucked your bitch in my new car

Just grab that new Bentley coop, and fucked your bitch in my new car

Fucked your bitch in my new car, I fucked your bitch in my new car

Just bought that maseratti, and fucked your bitch in my new car

Fucked your bitch in my new car, I fucked your bitch in my new car

Just grabbed that lambo, and fucked your bitch in my new car

Fucked your bitch in my new car, I fucked your bitch in my new car

Paint red and I'm beating, in the trunk and on your bitch
She said she was leaving, but coming through to suck my dick

Fresh up off the lot, and I'm whipping something exotic
Rolling something exotic, passenger that's bought it
In the 2 seater, can't do no fucking, just getting head
Your bitch up in this phantom, that's just good

Being in the bed on new shit

Can't fuck me less, reach in the car

Got baby on them zenez bars

She's super thick, I'm extra hard

That maseratti be rolling, your baby mama be open

Still on probation, put that out, ain't no smoking

Riding on this deep dish, giving her this deep dick

Automatically hit this bitch, show her to ride a dick

Stuck up hoes I can't stand them
Got 2 girls that's a tandem, in the back of the phantom
She suck me up like a vacuum
I'm attracted to her and she's attracted to money
We in the back of the spur, I try to go through a stump
I'ma keep it 100, I stay blunted on money
Got a old schol is running, hope... she just coming
Show my cleavage in Cleveland, drop my top like a
woman
Put the rarri on forges and put the lambo on shinies,
huh
And like a rip off I'm some cunning,
Just clear my path cause I'm coming
I gwap a brick like a money
I'm in out of my... pull your chick at the bar
Got a fetish for foreigners
Fuck the bitch in the car
I live the life of a star, Gucci!
