Are you listening?
We're talking about disaster! Disaster!
Are you ready?
We're talking about disaster! Disaster!
The moon has passed away
And you don't stay!
The stars are falling,
Falling to die!
Come on!
Are you listening?
We're talking about disaster! Disaster!
Are you listening?
We're talking about disaster! Disaster!
The moon has passed away
And you don't stay!
The stars are falling,
Falling to die!
The birds rush afraid
And fly away
The birds fly away!
No more tears
To waste for this world
No more lies
To waste for you and me...
More lies, for no lies!
Now!
No more lies
To waste for you and me... oh... oh
No more lies
To waste for you and me... oh...
Come on!
Dig my grave! Bye
Goodbye my darlings!
And dig my grave!
Yoo! Goodbye my darlings, and dig my fucking grave!
