We ought to go away
To that secret place
Why don't we leave today
To that secret place?

We ought to go away
To that secret place
Why don't we leave today
For that secret place?

A paradise all [Incomprehensible]
With the sand and the waves so blue
A beautiful amber sky
No one there but you and I

We ought to go away
To that secret place
Why don't we leave today
For that secret place?

We ought to go away
To that secret place
Why don't we leave today
For that secret place?

We ought to go away
To that secret place
Why don't we leave today
For that secret place?

We ought to go away
To that secret place
Why don't we leave today
For that secret place?
