Fame, Fame, Fame, Fame  
Sex, Sex, Sex, Sex  
Dance, Dance, Dance, Dance  
Death, Death, Death, Death  
x3

Fame, Fame, Fame, Fame  
Sex, Sex, Sex, Sex  
Dance, Dance, Dance, Dance  
Clubbed To Death

F-U-C-K-Y-O-U  
To all you hating bitches, that don't have a fucking clue  
L-O-V-E-Y-O-U  
To all my friends who have my back, my Slash Gash  
Terror Crew

Beautiful and young, fucked up and trashy  
Drinking, Fighting, and keeping it classy  
Synthetic rockstar stars of the generation  
Surgeon general warning violation  
Dragged through the mud, kicked in the dirt  
Put my name in the lights, so bright that it hurts  
I am but a beast, dancing's how I feed  
Beat that pussy to the ground, like a cleaver to the  
meat

Bang that beat into my head  
Pound until I'm fucking dead  
Take away my last dying breath  
Music's got me clubbed to death

Stomp you with a whomp whomp  
Eat you like a chain chomp  
Keep it blunt, stab a cunt  
You're the prey I am the hunt  
Rape your ears, fuck your brains  
Dicks gonna make it rain  
Make a living on making love  
And I don't give a single  
FUCK

Bang that beat into my head  
Pound until I'm fucking dead  
[]  
The sound takes my last breath  
Music's got me clubbed to death

Bang that beat into my head  
Music's got me clubbed to death

HA! HA! HA!  
I am a monster  
I'ma gunna fry you like a lobster  
Shit your pants and die motherfucker  
It's joy ride bitch and I'm the trucker

TAKE DOWN!  
The posers and the wannabes  
Feel my boot grindin' into your skull  
It's nothing now  
But a freakshow massacre  
Gather round, kids and enjoy the show.

Drinking, Fame and dirty dancing  
Fame and dance and death  
You're giving up and getting down  
You just don't give a shit
