[Chorus:]

This is just another story bout boy meets girl,

Boy leaves her

Crashes her world.

This is the story bout me and you, and everything that
we been through

This ain't no fairytale kinda story babe,

This was real.

Never thought that one day I'd be able to tell you how I
feel.

Don't you remember that night, that Saturday night,
you took my hand and it

Felt so right

And at that moment I told you about my dreams,
everything I wanted us to

Be...

[Chorus]

Summer passed quick, all was ending

And I could feel fall on my shoulders

I was waiting till September and I'd see your face but in
that moment I

Knew it was over.

And I remember that day, you moved away

Every little bit of my heart just sank

I remember what happened when I came home, I ran to
my room and closed the

Door...

[Chorus]

Ohhh, I was out of town one day,

I saw you sittin on the porch, you looked at me

You said sorry that you did me wrong

You been thinking bout me all along

I said baby I don't even care

I'm just glad I'm here.

This is just another story bout boy meets girl,

Boy loves her
Rocks her world.
This is the story bout me and you, and everything that
we been through [x2]

That we've been through, woah ohh
