Widow-maker the ever the cries the tempt
The Dead the romanced the black the harbinger
Kill Texas jury the clouded the Damocles
Brevetted the diseased in whore

Step forwards the murdered the interlude fading the
horrible
Texas in jury harbor the Cassandra hidden gun less
The whitey dead the blood glass the contrite

Rebirth the delirious that verses bender city
Power contempt the widow the dead
Circadian the way breathe

Glass that casino fall menagerie
Shy the violet lullaby
The behind the dead widow the dirty

Circulation the recruit alligator sniper
