Every man, woman and child seeks equal justice, equal opportunities, equal Dignity, without discrimination, regardless of race, sex, religion, sexual Preference or social status, When you were born, you were born with that Same human rights as everyone else. You have the right to live, you were Born free and equal to have freedom and choice of your religion and the Freedom of expression. All men and women are created equal.

Love is Love, It lives through it all.
Hate is all alone, it makes you very small.
We are one, and one for everyone.
So take my hand and open your heart to love.
Love is kind, so put aside your hate.
Love is meek, a closed mine will only make you weak.

Land of the free, home of the brave locked without a key an American slave.
The only person you need to, prove your love to I the person who feels the Same about you.

Don't you think love is worth fighting for?
Don't you wanna live for something more?
We all deserve the Right to Love
(Fight For Love)
Open your mind to something big, step out of the world in which you live.
Realize we all have the Right to Love
(Fight For Love)

Stop the war put...
Division to an end
Break free for the faith you believe in

Only person you need to, prove your love to is the person who feels the

Same about you.

Liberty and Justice for all united as one we stand tall.
Liberty and Justice for all united as one, united as one!

Don't you think love is worth fighting for?
Don't you wanna live for something more?
We deserve the Right to Love
(Fight For Love)
Open your mind to something big Step out of the world
in which you live
Realize we all have the Right To Love
(Fight For Love)

Those who fight today, against torture, poverty and
discrimination. Are not
Giants or superheros. Their people, kids, mothers,
fathers, teachers. Free
Thinking individuals who refuse to be silent. Who
realize human rights are
Not history lessons, they're not words on a page,
they're not speeches or
Commercials or PR campaigns. They are choices we
make every single day as
Human beings, they are our responsibilities we all
share. To respect each
Other, to help each other, to protect those in need.
