Raindrops on my window sill  
It's quiet as a mouse in here  
You're somewhere with the girls doing nails  
Dinner's takeout, no home cooking all year

Ain't no use pretending, no, no  
'Cause perfect I know I have not been  
But there's gotta be a way to work things out  
Twenty years, should remove all doubt

If you love me, I love you  
Then how could you go  
It's not about the love  
It's just I've had enough  
Maybe we need to let it go

If you ever loved me, I love you, baby  
Then how could you leave  
Some songs have gotta end  
We're better off as friends  
Maybe it's time I go solo

I know this is confusing to you  
But it's been coming for a mighty long time  
A woman needs to be loved  
Head to toe, body, soul and mind

You've been taking me for granted  
No surprises, no flowers on rainy days  
Now, I can keep you just the way you are  
But I know some things will never change

If you love me, I love you, baby  
Then how could you go  
It's not about the love  
It's just I've had enough  
Maybe we need to let it go

If you ever loved me, I love you, baby  
Then how could you leave  
Some songs have gotta end  
We're better off as friends

Maybe it's time I go solo, solo, solo

I can't sing this melody no more  
I've sung it for so long  
Is it the verse, is the chorus  
Or the bridge, I don't know  
Just tell me exactly what it is  
While we're over troubled waters  
I think the show is over

If you love me, but I still love you, baby  
Then how could you go  
It's not about the love  
It's just I've had enough  
Maybe we need to let it go

If you ever loved me, you know I love you  
Then how could you leave  
Some songs have gotta end  
We're better off as friends  
Mrs. Patty's gotta go solo, solo

If you really love me, I love you, baby  
I love you, how could you  
I'm gonna tell you what
