Raindrops on my window seal  
Its quiet as a mouse in here  
You're somewhere with the girls doing nails  
Dinners takeout, no homecooking all year  
Aint no use pretending (no,no)  
Cause perfect I know I have not been  
But theres gotta be a way to work things out  
20 years, should remove all doubt

(chrous)

Ronald Isley: If you love me,(i love you) then how could you go

Patti Labelle: It's not about the love, its just I've had enough maybe we need to let it go

Ronald Isley: If you ever loved me,(i love you baby) then how could you leave

Patti Labelle: some songs have gotta end,we're better off as friend maybe its time I go solo

Patti Labelle:

I know this is confusing to you  
But its been coming for a mighty long time  
A woman needs to be loved  
Enter too body, soul, and mind  
You've been taking me for granted  
No surprises, no flowers on rainy days  
Now I can keep u just the way you are  
But I know some things will never change

2nd Chorus

Ronald: if you love me(i love you baby)then how could you go

Patti: its not about the love its just ive had enough maybe we need to let it go

Ronald Isley: Is it the verse, the chorus, or the bridge.(i  
odnt know)just tell me exactly what it is  
Patti Label: I dont know While we're over troubled  
waters, I think the show is over

(Chorus 3)
