Out of the lonely blue

I, I hear your voice
I, I hear your voice
I, I hear your voice calling in the night
(Can't take it, baby)
I

I remember just like it was yesterday
I woke up, baby, you were gone
Didn't even wanna tear myself up out of bed
Let alone, I didn't wanna carry on

'Cause I could hear your voice
(I hear your voice calling in the night)
I can't stop it no matter how hard I try
I can hear your sound, your sound
(I hear your sound calling in the dark)
In a word, I feel like I wanna die

I started looking, looking from dusk till dawn
For ways that I wouldn't miss you so much
I even brought a new dress but when I put it on
I could still, still feel your touch

And I can hear your voice
(I hear your voice calling in the night)
I can't stop it no matter how hard I try
I can hear your sound, your sound, your sound
(I hear your sound calling in the dark)
In a word, I feel like I wanna die

My friends tell me, they say Patti find a new love
A bird in hand beats two in the bush
What my friends don't know and I ain't about to tell
them
Is that you're the only one, you're the only one
That knows what buttons to push

Oh oh, it don't take no scientist to tell you what's wrong
with me
No no no, it don't take good vision to see what any fool

could see
That I just need your body, I just need your fa-fa-face
Right where it counts, no not in another place
I'm talkin' about all up, hey, and all down

Every inch you see, I don't need to cross town
You better read my lips, I need you here with me
I can't stop it, no matter how I try
In a word, I feel like I wanna die

I hear your voice
I, I hear your voice
I, I hear your voice
I, I hear your voice calling in the night, I
