Patti LaBelle
"I Never Stopped Loving You"

Never, never stopped loving you
Never stopped loving you
Never stopped loving you

I've done a lot of things in my life
And at times I found the answers
To some questions that were heavy on my mind
Every fantasy ceased to be a mystery to me

I've done a lot of things that I lived to regret
But all the moves I've made were not enough
To help me forget, in solitude I find
Your kiss stays on my mind after all this time

I never stopped loving you
I only did what I had to do
Though we've been so far apart
You've kept your place in my heart
I never stopped loving you

Shared a part of me with you
I let you touch that secret space
Inside my hungry heart that couldn't get enough
I just can't forget what was so perfect in you

Your scent, your touch, your kiss
Your everything stays burned in my memory
And it keeps me yearning to share some smiles again
Like we did back then my old friend

I never stopped loving you
I only did what I had to do
Though we've been so far apart
You've kept your place in my heart
I never stopped loving you

I never stopped loving you
I only did what I had to do
Though we've been so far apart
You've kept your place in my heart
I never stopped loving you

And God only knows just how far I would go
To get back together with you
Do you suppose we could bloom like a rose
When it's kissed by early morning's dew?

I ain't gonna do it
'Cause I can't get through it, no
I never stopped loving you, oh

I never stopped loving you
I only did what I had to do
Oh, we've been so far apart
You've got a place in my heart
I never stopped loving you

I never stopped loving you
What I had to do
So far apart, place in my heart
Loving you

I never stopped loving you
I only did what I had to do
