I thirst but never quench
I know the consequence, feeling as I do
We're in a spinning top
Where, tell me, will it stop?

And what am I to say?
Open our music book
That only few can look
And I'll write a song for you

Love is a symphony
Hearts in one melody
'Cause I write a song for you

Sounds never dissipate
They only recreate in another place
There in your silent night
Joy of a song's delight

I write a song for you
You write a song for me
We write a song for love

My magical mystique, finding it all complete
In a lovely face, feeling, we try to chase
Memories that won't erase, stay forever new
We have a magic box which is never locked
