All the wrong things to be said, we said  
We let anger guide the way  
I say your at fault  
You say I'm selfish  
Now the accusations must be paid with  
The strain of losing you  
Pain of feeling blue  
Your hurt and I'm lost  
Tell me what are we gonna do?  
Please come back and kiss away the pain babe  
We can be happy once again  
Please come back and kiss away the pain babe  
We can make sunshine from the rain

Without you, my life has no music  
Rhyme and rhythm cease to be, to be  
Close friends tell me that your acting heartsick  
Is it all because your missing me, but  
The thing is
