(Chorus)

Somebody loves you baby
ooh ooh ooh
Somebody loves you baby
ooh ooh ooh
Somebody loves you baby
ooh ooh ooh
Somebody loves you baby
You know who it is

It happened so suddenly
I woke up one morning with you on my mind
No matter what I did
Couldn't stop thinking about you
Wanted instant replay of yesterday

(Chorus)

I'm under your spell
I don't want to break free
You can make a slave out of me
I worship you and nobody else
I pledge my love to you forever

(Chorus x2)

I need you right now
Baby don't say no
Cause you look like you ready to get it on
Whatever you give me
I give it to you back
All the love you'll ever need I'll give it to you

(Chorusx2)
