When you love someone, like you do
Aint no in between, not for you
Give it everything, that you've got
Love him all the way, or not
When you love someone, and it hurts
You've done everything, to make it work
Sometimes everything's, not enough
Maybe he's just not the one

Sometimes love walks away
Sometimes love has to change
Sometimes the heart has to break
But you're not the only one
Sometimes love's not the way
That you thought it would be
Sometimes you've just got to leave
But you're not the only one
One

When you love someone it's natural
To have second thoughts, should you go
It's not easy girl, being strong
You keep wondering if you're wrong
But don't fall, for his game
I'm telling you girl, you're not to blame
You protect your heart, ain't no shame
If you just, walk away

Sometimes love walks away
Sometimes love has to change
Sometimes the heart has to break
But you're not the only one
Sometimes love's not the way
That you thought it would be
Sometimes you've just got to leave
But you're not the only one
One

I know you
(can't go way)
Or some thing just like you
(can't hardly breathe)

Well there's a better day
(when will it change)
Is only seconds away
(whooooo)
I know you
(fell too soon)
Fell in love just like you
(What do I do)
Look inside yourself
(What will I see)
You'll find the strength deep inside you (hoooo)
To just walk away

(Sometimes love walks away)
Unhhhuh
Sometimes love has to change
(Sometimes the heart has to break)
Your heart might be broken
(But you're not the only one)
Believing you're not the only one
(Sometimes loves not the way)
Noo
(That you thought it would be)
Ohhhhhh ohhhhhh
(Sometimes you've just got to leave)
Ohhhhhh
You think you're the only one
(But you're not the only one)
You're not the only one

Sometimes love
(Sometimes love walks away)
Walks away
Sometimes love has to change
(Sometimes the heart has to break)
HHHHOooo
You're not the only one
Sometimes love's not the way
