1/Lifetime by arrangement, Could be blameless, Could
be something
New, Never love a stranger, There's a danger she wont
notice you, Four in
The mornings not only for sleeping, Must be a secret
the world is keeping,
(Chorus) On bended knee, I serenade. On bended
knee, On bended knee, I
Serenade you, 2/Careful imitation, May be safer, But
it's nothing new,
Patent that behavior, It's inspired from an idea by the
author of the
Novel
That they banned in school, (Chorus) On bended knee, I
serenade. On
Bended knee, On bended knee, I serenade you,
(Break) Four in the
Mornings not only for sleeping, Must be a secret the
world is keeping,
(Chorus) On bended knee, I serenade. On bended
knee, On bended knee, I
Serenade you, On bended knee, I serenade. On
bended knee, On bended
Knee, I serenade you, On bended knee, I serenade. On
bended knee, On
Bended knee, I serenade you, What more can I do?
