In your pocket, I'm sitting in your pocket 1/ You, never
said a word, that's
Why I believed that sooner or later you'd find another
to dance, Closer to
The edge, Leaving me to wonder where I go now, Cos
losing you, Could
Soon prove to be, the hardest thing for me to take you
see, (Chorus) Here
I am, I'm sitting in your pocket, Here I am, My world is
in your hands, And
You know that you've got it, So please try not to drop it,
It's sitting in
Your
Pocket, 2/ Truth, Funny you should say, Every line I
know is written upon
The face that your wearing how, You can walk away,
I've made that
Mistake that your making now, (Chorus) Here I am, I'm
sitting in your
Pocket, Here I am, My world is in your hands, And you
know that you've
Got it, So please try not to drop it, It's sitting in your
pocket, My world
Is in
Your pocket, Here I am, I'm sitting in your little hands,
So please try not
To
Drop it, Cos you know that you've got it, It's sitting in
your pocket, I'm
Sitting in your pocket, My world is in your hands, So
please try not to drop
It, It's sitting in your pocket,
