Telephones broken But there's something on my mind
Telegram Tuesday that's all I can do
Telegram Tuesday that's all I can do
It's been a bad time, lonely days and lonely nights
Telegram Tuesday that's all I can do
Telegram Tuesday, but what words can I use
Telegram, tell me that all the blame was on my part
Can't say that she can split without a heart

But I forget to look into the only words I need to use I
Love you
It's been a bad time, lonely day and lonely nights
Telegram Tuesday that's all I can do
Telegram Tuesday, but what words can I use
Tell me she was without heart
Tell me that all the blame was on my part
But I forget to look into the only words
I need to use
I love you
