If it doesn't work, if it doesn't work, if it doesn't
Work...

What on earth am I doing here

Waiting for the world to stop raining

I shall go out

Before it all goes down the drain

What on earth are you doing there

Looking very much like you don't care

Come on out and see

It's not so bad

You should be glad

And it's so true

You'll feel much better the

Wetter you get

We are ever so clean

Cleaner than the tongue on a

Washing machine

What on earth was that all about

Granny takes the kids for an outing

Making all they can of the day

What on earth are we wasting time

Waiting for a life of sunshine

Come on out and see

It's not so bad

You should be glad

And it's so true

It could be fine, full of sunshine

If you want to

What on earth am I doing here What on earth are you

Doing here

What on earth am I doing here What on earth are you

Doing here
