Little Sam was feeling fly and cool
Big mouth, big shouts, he was so cruel
Fucked up as he was swearing words
She was pretending like it hurts

'My vengeance will be sweet' he told
Not when I'm young, not when I'm old
He was invited at ten past two
Not me and they, but we and you

He went downtown that night
Drank a beer and lost a fight

Ten seconds Sam what have you done (wooh wooh
wooh)
Ten seconds Sam what have you done (wooh wooh
wooh)

Blink fan had given the first shout
Gee said just don't act like you're proud
Big V stayed calm when he touched his back
'One hit at my crew and you are dead'

The hobo said 'be all polite'
Gloon just stood there, there was no fight.
We all went back when we packed our bags
That was the time that he attacked

He went downtown that night
Drank a beer and lost a fight

Ten seconds Sam what have you done (wooh wooh
wooh)
Ten seconds Sam what have you done (wooh wooh
wooh)

Ten seconds Sam what have you done (wooh wooh
wooh)
Ten seconds Sam what have you done (wooh wooh
wooh)
