"You"

Your mom came home and she said hello
She told 'you're pretty' and I know
So I confirmed that the other day
I'm glad it didn't went that way

You were going wild at those days
And you really didn't know
That everything that you've done would follow you
Oh girl I wish I never knew

Is that the way you treated me
'Cause that's the only thing I see
But the best thing I didn't do
I'm glad I didn't pay you

I'm glad I didn't pay you
I'm glad I didn't pay you
I'm glad I didn't pay you
I'm glad I didn't pay you
